

# Working Fire Training at a Discount for VFIS Policyholders

Working Fire Training, a long-time training partner with VFIS, offers a reality- and hands-on-based monthly training program at a **tremendous discount** to VFIS policyholders! This represents a continuing training asset for policyholders making your VFIS policy more valuable.

Following NFPA/NIOSH/OSHA codes and regulations, IFSTA-based Working Fire Training is **the most affordable, video- and online-based training program in the Fire Service**. An annual subscriber receives a DVD each month (or it can be delivered online) containing:

- two **actual incidents** with analysis and lessons learned
- two **"hands-on" training lessons**
- an **EMS lesson** for paramedics and EMTs
- a **continuing education opportunity** from the University of Cincinnati Fire Science Program, allowing your members to obtain 22 credits toward a degree in Fire Science.

Also available online for each program:

- **training guides and quizzes** in PowerPoint with and without embedded video for group presentations and in .PDF format for printing as a handout
- a **customizable Certificate of Completion**.

Working Fire Training qualifies for mandated firefighter/paramedic/EMT training hours in many states.

To **see a complete sample program online**, visit our home page at [www.workingfire.com](http://www.workingfire.com) and click on the Sample Program link under "Monthly Program."

### Pricing:

The price, including shipping, is normally \$725 per year. However, **VFIS policyholders receive the program for \$462 per year - - nearly a 37% price reduction!** This is a basic subscription for departments of up to 90 members and/or 3 unique stations.

### To subscribe:

Contact us **by calling 800-516-3473, or e-mail to [info@workingfire.com](mailto:info@workingfire.com)**. Be prepared to supply a valid VFIS policy number. Departments may also order by filling out the enrollment form below and faxing or mailing it to Working Fire Training. You may pay by department check or credit card.

Visit [www.workingfire.com](http://www.workingfire.com) to learn more about other offerings from Working Fire Training, including WFGear.com, a firefighting products web site, and WFGGrants, a grantwriting service, and the Training Officer's Toolbox.

### Online Delivery:

For an additional \$75 per year, **departments may access online the same material which appears on the DVD**. This is a tremendous advantage for volunteer members who can't attend training meetings due to job conflicts, domestic obligations, etc. The department still receives an archival DVD unless they choose not to.
