

TAILBOARD SAFETY

INTEGRATING RISK MANAGEMENT WITH INCIDENT MANAGEMENT

Focus greater attention on integrating risk management with incident management at all levels, including strategic, tactical and planning responsibilities, states the third of 16 National Fallen Firefighter Foundation Life Safety Initiatives.

Discuss the following:

- **Is your department evaluating risk management issues when performing incident management?**
 - If yes, gain full appreciation of this issue by having personnel discuss HOW this works in your organization.
 - If no, discuss how you can work toward integrating incident management with risk management.
